

**Mobile order
processing –
simple and
transparent,
with live driving
times included
in our flexible
app for drivers.**

DAKO drive

The DAKO drive app is the mobile assistant for the DAKO web portal, with which drivers can keep a constant eye on order details, driving and rest times, important deadlines and agreements. All status changes can be communicated quickly and directly between the head office and drivers via the app. This means that all information is retained, and communications can be traced in real time. The app is currently available in 18¹ languages.

All features at a glance²

- ✓ Electronic driving licence checks³
- ✓ Mobile order processing
- ✓ Display of current driving / rest times
- ✓ Deadline reminders and TachoStation finder
- ✓ Document of shipment handover: barcode scanning, digital signature and proof of delivery, photo documentation
- ✓ Track & Trace – Driver location, route and order status
- ✓ Chat between driver and main control with real-time translation in the relevant language⁴
- ✓ Vehicle pre-checks with checklists according to vehicle type and automatic report transmission

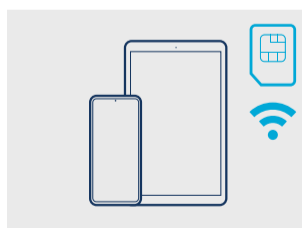

Benefits for companies

- › Communicate directly to driver's cab incl. translation
- › Documentation & route tracking
- › Keep vehicle location and route status always up to date
- › Display of driver- and vehicle-related deadlines
- › Legal protection: documentation of vehicle pre-checks including defect lists at hand at all times

Benefits for drivers

- › Retrieve your own work information at any time
- › Display of all relevant order data – such as destinations, routes and on-site tasks
- › Navigated route with optimal sequence of all stops
- › Checklists to guide drivers quickly and easily through pick-up, delivery and service processes
- › Carry out vehicle pre-checks quickly and easily, including photo documentation of defects

Run the app seamlessly:

Smartphone or Tablet with SIM card or Hotspot-connection

or

Telematics box and navigation device with SIM card
